

CS460 Fall 2022

Name: Jialong Huang

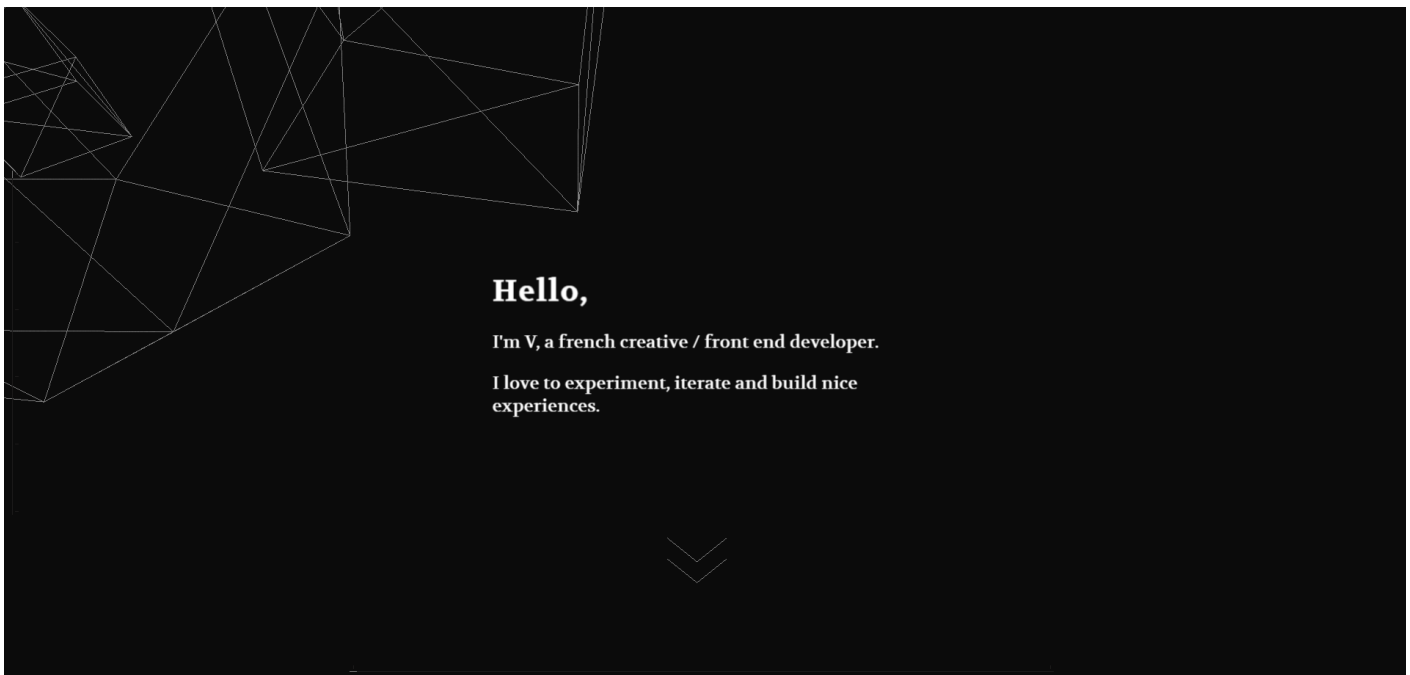

Student ID: 01820509

Due Date: 09/12/2022

Assignment 1: Intro

Part 1 (100 points): Describe your favorite WebGL demo.

My favorite demo is this Hello-v. (<http://vaalentin.github.io/>). The author uses black and a little white as the background, like the universe, very simple but beautiful. I think this portfolio is very cool. When you move around, it has detail information of the author that pop up.

Technologies used:

- I think the author uses both HTML, CSS and JavaScript
- Three.js
- WebGL

Bonus (33 points): If possible, try to host the project as your own Github repository and make it accessible via Github pages. Please make sure to credit the original authors. Then, link the repository here: <https://gzhj12000.github.io/-vaalentin-/>
